The dual-route theory of reading aloud and the dual-route theory of reading comprehension are logically independent: the correctness of one says nothing about the cor-

Modeling Reading: The Dual-Route Approach

Reading comprehension is the ability to process text, understand its meaning, and to integrate with what the reader already knows. Fundamental skills required in efficient reading comprehension are knowing meaning of words, ability to understand meaning of a word from discourse context, ability to follow organization of passage and to identify ...

Understanding the Brain: the Birth of a Learning Science

Why do we think we're so bad at maths, when we're all - almost all - born with brain circuits specialised for numbers? Our ability to use numbers has been the key from taking us from the Stone Age to the Phone Age. Trade, science and technology would be impossible without this ability. Neuroscientist Brian Butterworth argues that we are all ...
