The Bride of Frankenstein is a 1935 American science-fiction horror film, the first sequel to Universal Pictures' 1931 hit Frankenstein. It is considered one of the few sequels to a great film that is even better than the original film on which it is based.

What about a thread where we share our favourite femiimization stories!? I personally prefer a rather realistic than over the top setting with not too much detail about a dressing up, master/slave, sissy high heels and stuff since this doesn't do anything for the actual feminization process and is rather unrealistic.
