

structural analysis in anthropology pdf

In the history of structural thought, Boas may be credited with having introduced this distinction. He made clear that a category of facts can more easily yield to structural analysis when the social group in which it is manifested has not elaborated a conscious model to interpret or justify it.

Structural Anthropology, by Claude Lévi-Strauss

Structural anthropology. Structural anthropology is a school of anthropology based on Claude Lévi-Strauss' idea that immutable deep structures exist in all cultures, and consequently, that all cultural practices have homologous counterparts in other cultures, essentially that all cultures are equitable.

Structural anthropology - Wikipedia

Thereby, the structural analysis of poetic texts proposes elements of representation for a cultural analysis with different models of representation. The different dimensions of structures allow for the use of structural analysis not only of poetic texts, but all forms of social expression in different societies.
