## **Studies in European Construction Law**

Feasibility studies are preliminary studies undertaken in the very early stage of a project. They tend to be carried out when a project is large or complex, or where there is some doubt or controversy regarding the proposed development.

## **Feasibility studies for construction projects - Designing**

best practice in the cost management of construction projects under traditional contracts and new methodologies. All stages within the life cycle of a project are considered from pre-contract to tendering and post-contract. Worked examples, legal cases and over 65 project case studies are used to illustrate the
